### The best crash course on starting an office cleaning business.

We learned this from an old business friend who had an office cleaning business making \$3000 a week, and this was back in the 70's! Here's the best part-you only need ONE single account to make this kind of money. If you want more, go for it, but your focus here is to get ONE single great account. Then hire a few good people, (we show you how to find them), pay them well, and while you're counting your money, go after another big account. The best part is that you only need a few dollars' worth of items to get started. If you want more money, you buy some more equipment, like a floor polisher, carpet cleaner, etc.

The information we include for \$199 is worth 1000x that or more. If you want to succeed you must only listen to those that have decades of experience, mentors who give you the shortcuts. They have already been through the headaches and hassles, trial and error. You need to compress your learning curve from decades to hours.

If you want a real business that operates like a real business, you need to add tradelines. **WE ARE FIRST AND FOREMOST A LIFESTYLE  
COMPANY with the goal of getting you to  
the highest quality of life, in the fastest  
amount of time, with the least amount of  
time, effort, and costs.**

**Your goal should be to MAXIMIZE YOUR  
QUALITY OF LIFE for YOU, your loved ones,  
and to benefit society**

## ***You Do These TWO ways...***

The first goal is to achieve **ULTIMATE FINANCIAL FREEDOM**. If you must use your direct efforts to make money, you do not have **ULTIMATE FINANCIAL FREEDOM**. That is what we want you to obtain. Your money must work hard so you don't have to. You must make money while you sleep, or you will work till the day you die.

The second goal is to obtain the **OPTIMUM LEISURELY LIFESTYLE**. If you have to spend one single hour working at something you do not want to do, you do not have the **OPTIMUM LEISURELY LIFESTYLE**. You want to spend every hour of your life on the most important things, like your relationships and what excites you.

96% of people retire deep in debt, depending on a few hundred dollars in government scraps to survive every month, leaving nothing but a burden for their children. If you don't want to be part of these statistics, you must change your life now. Time is money, and money loves speed. The first step in becoming financially independent is **DECIDING** you want it.

You must take **DIRECTED ACTION NOW**. Every day you're losing thousands of dollars and you don't even know it.

## ***Here are 4 rules of wealth creation you must follow if you want Financial Freedom...***

**1. FINANCIAL INTELLIGENCE.** You must educate yourself in the game you want to play. It's not necessary to know everything, it's only necessary to find the mentors and experts who do.

**2. OTHER PEOPLE'S MONEY.** You don't have enough of your own. Use OPM to generate large CASHFLOW you can use to acquire bigger and better opportunities. Use a little of your money and a lot of someone else's. It's called LEVERAGE! Leverage allows you to make more money 20, 40, 100 times faster.

**3. STRATEGIC CONNECTIONS.** You're only one contact from having all the money you want.

**4. SUCCESSFUL MENTORS.** Mentors give you shortcuts. They have already made all the mistakes in a given area. They eliminate the headaches, hassles, trial-and-errors!
